

# DEHUMIDIFIER

Elegant

## Ariel SD40

SD 40 was design with an **elegant outlook** to cater for different users.

Different from many portable dehumidifiers, SD 40 comes with a stainless steel case.

It comes with **4 Omni directional wheels**, which allows it to be maneuvered easily.

It comes with a **7.5L water tank** to retain condensated water. In addition, there is a **water level switch**. When water tank is full, SD40 will stop automatically to prevent water from overflowing.

Moving toward **energy efficiency**, SD 40 was designed to combat energy wastage. Compared to many dehumidifer with similar capacity SD 40 consumes a relative low electrical consumption.

## SPECIFICATIONS

**Moisture removal (L/Day): 40 L/Day**

**Packing Dimension (mm) : 450W, 370D, 580H**

**Product Dimension (mm) : 400W, 310D, 540H**

**Refrigerant Type : R407C, CFC free**

**Power Consumption (Wattage): 580 W**

**Power: 230V, 50 Hz**

**Net Weight : 21kg**

**Water Tank : 7.5 L**

**Air flow (m<sup>3</sup>/h): 280m<sup>3</sup>/h**
