

Industrial Portable Dehumidifier

Special Features :

- Micro Processor Control*
- High Moisture Capacity*
- Big Water Bucket*
- CFC Free*
- Auto Defrost*
- Light Weight*
- Low Power Consumption*
- Auto Tank Full Stop*
- Soft-key Humidity Control*
- Drain Pipe Outlet*
- 4 Omni-directional Wheel*
- Carbon Filter (option)*

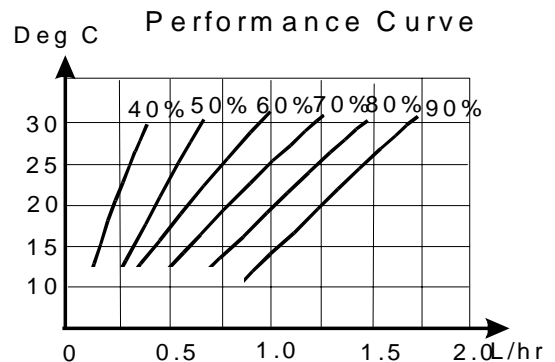

7 litre Big Water Bucket
41.5 L/day at 90%RH 30 deg C
35 L/day at 80%RH 30 deg C

The dehumidifier is aesthetically designed with an white ABS plastic cabinet, equipped with 4 wheels & a handle. On top of the dehumidifier is a simple and well designed control panel with a built-in electronic humidistat with soft key pad control.

The ED-0956B has a built-in dust filter and optional carbon filter, which is easily removed for cleaning. The carbon filter option eliminates bad smell like cigarette smell and odour. A separate water container used for containing the condensate water is positioned inside the unit.

Technical Data	ED-0956B
Condensate Capacity at 30 deg C 90% RH	41.5 L/day
Condensate Capacity at 30 deg C 80% RH	35 L/day
Working Range - Humidity	20-95 %
Working Range - Temperature	5-35 Deg C
Air Circulation	520 CMH
Power Supply	230 V / 50Hz
Power Consumption	680 Watt
Noise Level	53 dB
Weight	25.5 kg
Dimension (mm) : Height X Width X Depth	580H x 350W x 445D
Water Container Capacity	7 Liter
Type of Refrigerant	R-134A
Colour	Light Gray

The dehumidifier automatically stops when the water container is full and a red warning light will come on. A high electrical efficiency is achieved by the system. An auto-defrost feature is incorporated in the system to keep the unit from freezing during low temperature and humidity operation.

The unit is relatively quiet for its large capacity. It has anti-vibration bush mountings for its compressor and the body casing is made of ABS plastic which absorbs & shields noise effectively.
